Kidney Transplant Needed

Fellow Parishioners,

I was diagnosed three years ago with a chronic kidney disease called IGA Nephropathy. My kidney function has quickly decreased, and I am now going through testing to determine my eligibility to be placed on the Kidney Transplant Wait List. Unfortunately, there could be a potential 5 year wait for a deceased donor kidney. A transplant from a living donor could happen much sooner and is usually much more successful for the individual than a deceased donor kidney. I have recently been accepted as a patient of the UK Transplant Center. They specialize in the care of patients with advanced, end-stage organ disease. It is my sincere prayer that a living donor will be available to donate a healthy kidney so I can begin the process of a transplant and healing. I am asking that you pray about the role you might play in my transplant journey. I realize everyone is not called to be an organ donor. In that case, I ask for your prayers in the coming months. If you feel led to inquire about the transplant process, please use the following contact information.
